**The GM got the Hares in** and thanked them for their work at this, the first Run of 2016 and our first time back at Mosquito Lake. Good to be back!

**RETURNERS in...**Six including Barbie Doll, who managed to stop drinking and come to the Hash for the first time during his visit!

**VIRGINS in...**four in total with two Thai girls and a couple from England. The girls took far too much water on their backs but Fugus put it right and soaked their tits too! Welcome, please come again.

**HASH VISITOR...**An English lady from a Spanish Hash, didn't get her name but she took her shirt off when the GM gave her one of ours, well done and welcome!

**RUN OFFENSES...**Lucky Lek kicked us off and got in Tequila Slapper and the French girl, who he called Lady Gar Gar. They were told off by a Thai for walking amongst the small trees..well I think that was what he said, whatever, we all laughed!. Swollen Colon comes in and tells that the Thai Government wants to stop non Thai Nationals from teaching English in schools and only have Thais teaching English, well after LL's spot just how the fuck will that work out then? JC in next and asked just which fucking idiot parked right behind his truck as he

may be leaving and will surely fuck the car up...no takers! JC then called in Twice Nightly and Once Weekly to thank them for sorting out access to Mosquito Lake again...well done both! Gorgeous in next and gets in his daughter and JC..and tells us that it was his girl who parked behind JC's truck...but never moved it, silly girl! I managed to stop scribing to call in Barbie Doll and Late Arrival. Now things must be tough in Northern Ireland as I noticed they were sharing a meat pie together, each taking turns to take a bite...it turns out that they were in fact taking turns to share their false teeth! I then call in Singha and tell everyone that I was lucky enough to attend Singha's last supper on Sunday. It was Singha's last night in his restaurant and has now retired. I asked all to charge their drinks and wish him all the very best in retirement. Well done Singha, good luck and enjoy the rest after 14 years! No Hope calls for the Hares so he can give them stick about the limited space for the laager site( only to get back at JC cus he moaned about his laager..well you started it says NH!) Billy Boy in and calls for

Murkury, tells us they are the Hares next week and when they were reccing said to Murkury there was more hair in your car than on your head...Murkury said..yes I know I must take IT for a haircut next week!

**STEWARD...Minnie Mouse.** She tells us that Blue Harlot should have been joint Steward but he has the Man Flu as Teachers Pet is away..whilst the Teachers Pet is away....! Then she calls for all the French in and wishes them all Happy New Year and instructs them to sing the French New Year song. Well it turns out there is no French New Year song..she asks, well what do you do on midnight 31st? The GM said , well we just wave our white flags! Not wanting to work too hard she calls in Butt

Plug to tell us a joke ( thanks for the warning!) He then calls in Barbie Doll and tells us that on the Tin Man yesterday Dr Fucking Jekyel was the GM and BD says..fuck me we have found some one LESS funny than Murkury! She then calls in WTFIA and asks how old he is..74 shouts Alice, he then in turn calls for the French Congo mob ( 2 black girls and 2 black lads) How old are you Congos? 25,24 23 and 24..on the ice the lot of you..you beat me by 20 years...together! Joxymoron in and told to tell a joke..ok then..A young couple get killed on their way to their wedding..at the gates, St Peter says..shame, what can I do for you two? We still want to get married but by a priest..stay there I'll go find one...it take 3 weeks and he brings the priest back with him..Oh but we need a preup, can you get us a lawyer to draw one up for us...for fuck sake says St Peter it's taken me 3 weeks to find a priest, how long do you think it will take me to find a lawyer up here!..Still not wanting to work too hard MM does her usual trick and calls for all the ex GM's. So, Gogreous ,Swollen Colon, Murkury, King Klomg, SADG and Lucky Lek all tell us their unrehearsed stories which closes MM's Steward spot..Thank you MM!

**BARBIE DOLL in for a song...or a couple...**It all makes work for a working man to do and Tom Jones's Green Green Grass Of Home, including the CSA!. Worth waiting for, thanks for stopping drinking and getting your arse to the Hash BD!

**RUN SHIRTS...**Hard On gets his 50 Run shirt...well done HO, keep running!...Then a Black shirt is pulled out of the bag...who is this for?...700 Runs...for Minnie Mouse...now say what you like about our MM but she is amongst the handful of Hashers who have done tireless work for the Hash and was the first female (Thai) GM's on our Hash..so well done MM and thanks for all you have done for PHHH !

**HARES in...**due to Manenken Pis can't be arsed to come and JC a Hare today your Scribe was asked to be the Run Master. I walked in the circle, shit house seat in hand ( knowing full well it was going nowhere other than back around JC's neck!) It was late... Was it a good Run, I called out...yes Good Run...Good Run? Yes, yes Good Run...so over it goes on JC again.. no further discussion..he tried ,in vain to complain but I CALLED... CIRCLE CLOSED!

WELL THAT WAS OUR FIRST RUN OF 2016.  
HAPPY NEW YEAR TO ALL HASHERS ACCROSS THE GLOBE.  
ON ON, NOT CLEAVER  
SEE YOU ALL NEXT WEEK
