Hares: Black Hole Driller & Fungus

phuket-hhh.com

We opened up the circle with a minute's silence in support of our French members and in remembrance of lives lost in Nice. Thank you to all!

HARES in..GM thanked them for a ball breaker, overlooking Chaofa West and noted that three Hashers had gone down with mountain sickness! It was not known, at this early stage that we had lost a Virgin..the Hares had gone to look for them, after the circle and were there well after dark, only to find out, the said Virgin had found his way back, with help of locals on a motor bike...to whence he came...EXPAT HOTEL!

RETURNERS in..Only two. Lucky it wasn't more with this Run!

VIRGINS in..A large Englishman, a guy from NZ , a girl from Aussie and a Thai girl..we did not notice the missing Virgin!!

RUN OFFENSES...in. No Hope called in the virgin Thai girl as she had fallen over and asked him for some water..NH hesitated..maybe waiting, so she pulled up her top and asked again...yes, yes , of course says N H! Manneken Pis gets in the Hares and on the ice, as he came in the Hares said..well it was a good Run, apart from the mountain..but there was ONLY the fucking mountain! Jungle Balls calls for Top Off and Dandy La Root. D la R ran past T O and TO shouted out..it's not a race you know...from the worst racer too! JB keeps in T O and calls for Twice Nightly to join him. About half way round T O was stuck behind TN..about 6 inches behind as far as JB could see! Clitmus Pussy gets in Spit It Out and Top Off as he gave her a helping hand...but not where she expected it to be (he's at it again, Packie worrying!) Wilma gets in Paper and her dog as he saw the dog come to a fallen tree and it could not get over or under it to get past, so Paper booted it over...just like a football! Bullet Rash calls in the Hares and tells us Fungus said it was a virgin laager site...but Fungus had used it when he was Tinman GM! SADG gets in Fungus, Once Weekly and Tice Nightly. As SADG drove up Fungus..says, sorry full up, park on the road...then as he drives off, OW drives into the laager, waved in by Fungus..SADG..is he trying to tell you something? SADG then calls in D La Root and tells us, last week he had tried to bike it down the old road, down the hill into Bang Wat Dam...he could not get through. So he ditched the bike, took a GPS reading and walked down the water course to the dam...but his GPS had by now packed up and he

couldn't find his bike again! Jungle Balls calls for Clitmus Pussy, Moonwalker and Spit It Out as they told JB that they moved away from the Thai girls cos they did not like the smell of smelly fish...now where's that coming from?

RUN SHIRTS...Come Tomorrow gets her 25 Run shirt, 25 run shirt also goes to Where The Fuck Is Fagan...who's next...GM's Mom... 100 Runs..she starts to take her top off (much to the GM's embarrassment), when WTFIA runs in front of her to protect her virtue! Swollen Colon gets his 400 Run shirt...well done to you all (except WTFIA!)

STEWARD...What A Rat...Blue Harlot saw a young girl hitch hiking along the road. He stopped, showed her a bag of sweets and said if you come in the car I will give you one of these..the young girl says..if you give me the whole bag full you can come in my mouth! SADG, watching TV, says to FA Cup...bring me a beer...it's starting, drinks that one and says...bring me another beer..it's starting, drinks that one and shouts again..bring me another beer..it's starting...FA Cup goes mad....SADG says...see I told you it's starting! Swollen Colon in next...his young daughter got two of her friends to sleep over...SC was listening at her bedroom door and one of the girls asked his daughter...when was the last time you had a orgasm?...she answered...oh weeks ago. At which SC pushed into her bedroom and says to his daughter...you bitch, I knew you were lying last night when you told me you had come!...At this time, even though there's lots more, I think it's best I finish my report! Well done What A Rat, a well delivered, funny spot. Thank you!

HARES in...Manneken Pis tells us that as a Virgin is lost and we had 3 Hashers down he has little chose but to give Hash shit to the Hares...but which one..I know who my money was on...yes that's right....HASH SHIT GOES TO FUNGUS!

ON ON, NOT CLEAVER

SEE YOU ALL NEXT WEEK
