Hares: Murkury & JC

[phuket-hhh.com](http://phuket-hhh.com)

Before inviting the Hares in GM reminded the circle that **EJACKULATOR paid for 30 Baht beers** for his birthday .HBYC! As it was our 1600th RUN I met his kind donation from the Hash...that made it **TEN BAHT BEERS!**

The Hares came in for our thanks and their beers but were a bit pissed off that it was 10 Baht beers on their Hare Day!

**HASH HORN**...What A Rat came in as he had told us he is Hare again next week so he was Hash Horn himself...He did the job as we have come to expect..well done!

**LUCKY LEK SPOT**..I updated us on Khanom and introduced the Khanom Team, who have been doing all the work behind the scenes...Fungus, Once Weekly, Pole Position, Twice Nightly....just two weeks to go and Swollen Colon came in to finally join in for the trip!

**RETURNERS** in...six from all over and a couple of them back after a year..welcome back!

**VIRGIN** in...Just one Thai girl...but a cracker, Patty...we want her back, even though Kentucky Fried Piles covered her in ice water...please come back Patty!

**VISITING HASHERS** in Porteno from Madrid Hash and Flambe with his wife Valerie from a London Hash...but they live here and first time on our Hash...Flambe told one of my old jokes and Porteno told us a story from his Hash about their Hash Shit....The circle gave it to Porteno..so he won the Hash

shirt..Flambe and Valerie had earlier signed up to join us in Khanom..so they get good shirts anyway..thank you for visiting our Hash!

**HASH MUSIC**...Bollox was in reflective mood as we have not been singing along with him..so he gave us a song about the Universe and being alone..well this was a different one Bollox...had us all thinking..I think! Thanks..I think!

**STEWARD**...What A Rat..He opens by telling us that Cartoon told him he had dropped below the bar in his last spot..so WAR thought he might clean it up a little..No, No!..Blue Harlot in first, as his 9 year old girlfriend has transferred into his school and even into his class...just to be near him..BH held a quiz for the kids and after he noticed a little yellow puddle under where his girlfriend was sitting..he touched her and asks.. anything wrong darling, asks BH, no, as wee ran through his fingers! Lucky Lek next..Last week LL went to the docs for his annual check up..BP, eyes, skin...the works..just before the end of the exam the doc said LL you have to stop masterbating..why says LL?..because I'm still checking you and you need to stay still! Chimboo Princess next..he was running on the beach when he came upon a paraplegic ..crying..what's wrong says CP...oh I have never been hugged by a man...so CP hugs her..but she started crying again..what's up now..oh I have never been kissed by a man before..so he kissed her..just as he was running away she started to cry again..what now?..oh I have never been fucked by a man before..so, CP, pissed off by this time..wheeled her into the sea..left her there and says...now your fucked!!.....WAR..and this is above the bar?...Don't listen to Cartoon..your doing just great..well done and thanks!

**RUN OFFENSES**..J.C. kicks us off by calling in Swollen Colon as the bus came past SC running along the road..why? ...short cutting bastard again!..J C ,leave him alone..he's coming to Khanom!..J. C. calls him back..yes the reason he was late was because...he went to the wrong water fall! I call in the Hares to point out what J.C. had written on our Hare Line..**IF YOU MUST BRING YOUR**

**MUT...KEEP IT UNDER STRICT CONTROL**...Now 95% of the time when we get complaints about dogs on the Hash..it is about J.C. and his dog..who is never on a lead..the other 5% is Murkury, who's dog is always now on a lead..the only problem is he never holds the other end! Nar He Man calls in Asterix and his French mate (does he have any other?) It seems that his mate has been having fits for some time and is now taking meds for it..but what happens..his wife is now pregnant....so we gave him the Hash name of....FIT TO FUCK!

**RUN SHIRTS**..Shag Her Arse gets her 50 Run shirt..Long Time gets her 25 Run shirt..Rampant Rabbit gets his 100 Run shirt and Dicksapointing gets his 200 Run shirt..well done to all of you..keep it up!

**DEPARTERS**..Oh well there is always some that leave our beautiful home..Always Wet is off to Aussie..come back soon!

**BEER BITCHES** in..thank you girls..wonderful job at 10 Baht each !

**FOOD HEROS** in..thanks ladies..you can have a break in a couple of weeks!

**NEXT WEEK HARES**..Gorgeous, Lucky Lek & What A Rat..we are on the By Pass Road..and we are promised a good Run..hope so!

HARES in..Manneken Pis drums up support for Hash Shit but feels it is not warranted for this Run..so Black Hole Driller keeps it!
