

SCRIBE REPORT RUN 1657

Saturday 4th November 2017

Hares: SINGHA & NO HOPE

phuket-hhh.com

Our GM opened the circle at Thanyapura and thanked the Hares!

RETURNERS in...just five including Gay Ray and Mr Fister...welcome back!

VIRGINS in...Two ladies (one with a baby and Daddy!)...the baby was removed but dad got a soaking, along with the girls thanks to Fungus!

RUN OFFENSES...Tootsie kicks us of by getting in Google Ass to ask for help as we have lost our other Hash Flashes..and he has to go really slowly these days! Singha gets in Fungus as he noticed that for a short arse Fungus has massive feet and should be at least 7 foot tall...must be the mushrooms!

STEWARD...Blue Harlot (standing in for Top Off, who called to say he could not make it) ..Swollen Colon in..He was telling BH last week and said I'm not sure about my own sexuality...not knowing..hetro, homo or bi? BH says your only homo if you push back on the in stroke when being butt fucked by your boyfriend...what brought this on then?... SC says when shagging an 18-year-old rent boy the other night he reached round, grabbed the boy's cock and found that the boy had a massive hard on. SC said...I was so disgusted that I was shagging someone that was so obviously homo I had to pull out and go for a long shower to try and feel clean again...SC you really are fucked up! J.C. and Paper...JC was getting out of bed the other morning when Paper came in with an armful of dirty washing. She took a pair of dirty old knickers and threw them at JC...here you are JC, there is a subliminal message with these knickers...there is no message here, he said, yes there is says Paper...they come from one cunt to another! BH's daughter texted him last week and explaining she had got CUM in her hair, will she need to cut it out or could she just wash it out?..I was shocked but then another text came from her that said...sorry dad...I should have wrote GUM! I see a lot of people wearing those rubber bands around their wrists for different charities...saw one last week, it said SAVE THE RUBBER TREES! Great spot BH, at short notice...well done!

The GM calls in Lucky Lek for a song..Oh no!..Here comes Amazing Grace..Once again he gave the best rendition..Lucky Lek style!

DEPARTERS in..not many again..coming up for Christmas already! bye, bye!

HARES in...Swollen Colon is our Run Master today..He said Porn Shop did a great job with the Horn

today...but only for the first half of the Run..he fucked off with his front running mates!..but it was not bad enough to get Hash Shit..so as it was a good Run..Jaws keeps the Hash Shit Seat for another week!...The GM closed the circle!
