phuket-hhh.com

The first Run of the New Year, 2018, The GM, as Hare welcomes his joint Hares in the circle at Nai Harn Beach...on the island...A HAPPY NEW YEAR to all PHHH members!..Our first Hash Shit of the year?...I doubt it!

RETURNERS in...just a few..all with NY hangovers..including No Moral Compass and his 3 sons...welcome back!

VIRGINS in..12 this week from all over the shop...Anal Grapes did his thing with the ice water but concentrated on the boys...give us a break AG!

NEW SHOES..Old eagle eye GM does it again and gets in one of the Frog Virgins (big beast of a man...so no messing GM!)..never mind his size...both shoes get filled up...and down it goes big man!

BUNNYKEN PUIS is called in for her birthday drink and song..no mention of her age or gifts from Manneken Pis...HBYC!

HASH VISITORS..Blue Harlot on hols today so I got asked to get them in..thanks for the notice Tootsie!..In come our two young girls from Korea, Seoul Hash..They said they were from Korea but they were both wearing sunglasses..off they come girls..nope not from Korea..so where then?...you've guessed it...Yanks...just here for 5 days..thanks for coming girls...visit us anytime!

RUN OFFENSES...Manneken Pis in first (for a change) he gets in Bunnyken Pis and tells us he asked her to fix(glue his shoes on)..well she did but about 30 seconds before the Run started..and? the sole fell off ...yes, after 30 seconds of running! Fungus came in and held up his clenched fist..anyone lost money on the trail..Tar Darling found it..if you can tell me how much you can have it..not claimed (but we all guessed)..in it goes to the Hash kitty! Tootsie calls in in Rubber Toe..after running together through the jungle they got on the road...motor bike coming shouts Tootsie..Rubber Toe takes the rider out and sends him flying!..He then calls for the Hares..bit of inside info..early this morning the three Hares parked the car on the island to lay the paper..after 2 hours the island was full of cars..The GM got back to the car..tried to open it..no luck...twenty minutes..he was pulling his hair out..why can't I open it..well says Kiss My Ring..why don't you try YOUR OWN CAR PARKED OVER THERE! I call in our usual Front Runners..Hard On, Rampant Rabbit, Repressed One, Master Baker...Then I call in No Moral Compass..with his 3 sons and their mate...these four lads came in first four...what does NMC feed them on..and does NMC know the other lads Mom...maybe?.I then call in Asterix..and remind everyone that he had a bad motorbike accident some months ago..but another Hasher had a misshape on his bike..in comes Jungle Balls..what happened..I had to tell everyone that he parked his bike at Tesco's , shopped, came out with his shopping moved his bike and the bike stand took all his skin off his foot...all without starting up his bike!

STEWARD..Jungle Balls..Hares in...who did what lads? No answer..but JB knows that it's always slow as Kiss My Ring always gets lost! Following on from MP's glue story...Murkury is called in..last

year Murkury had the same problem..but he had his own glue in the car...glue went all over the place..after he could not wash the glue off his fingers..Murkury had just had a new i phone with fingerprint recognition..he could not open his phone for FOUR DAYS! Kiss My Ring in again..some months ago after a Tinman...some of the lads went to a bar in Rawaii..who was in there..KMR..he was sat in front of a big Katoye..with 100 Baht note rolled up in his mouth..he was putting the note into the dancers arse!..KMR, then ordered another beer but found that he had just used his last 100 Barht..so what did he do? Try to get his 100 Baht note back out of the Katoye's arse...with his mouth of course! SADG next in and Vomit Bomber..now last week these two had a bit of a tiff..the Aussies were called in..SADG is not an Aussie, says VB..So JB is going to test SADG with the official Australian Citizenship Test...now SADG you have to get 100% right to pass as a true Aussie...1) Where your parents married..NO...2) Do you have a birth certificate...NO..3) Do you know who your father is...NO...100% pass...SADG...YOU ARE A TRUE AUSTRALIAN...! Great spot JB..thanks!

DEPARTERS..Only Nar Hee Man..off to who knows where..see you soon! FOYC!

HARES in..in they trot, the GM with his topper off and the seat around Fungus's neck..The Run Master calls in Wilma as Hash Horn..Good Run yes...does Fungus deserve another week to add to his 4 months...no no..so what about Wilma..he was a really shit Hash Horn..no pink paper anywhere and he came back in with the walkers... Wilma..you are HASH SHIT!
