Hares: Who The Fuck Is Alice, Kiss My Ring & Gery (VH)

[phuket-hhh.com](http://phuket-hhh.com)

It looks like the French are taking over..it was full of them when the GM got the Hares in at Rawai and thanked himself for a great job..Hash shit is not on the cards!

**RETURNERS** in..Barf Warder and Na Hee Man were among this week's Returners...nice to see you both back BW..your just around the corner...but where was your French man, Froggy?

**VIRGINS** in...Seven turned up for their beers on their knees...plus a bit more...the GM went extra crazy with the water..even the 3 lads got more than their share of the wet stuff!

**VISITORS** in..not sure why but we got in the Visitors this week for the first time...less than 5 Runs..come on you lot...members soon...only 5 and your there...welcome!

**HASH VISITORS** in...Blue Harlot called in our Hash Visitors from overseas..Van Mop from Wellington, NZ, 3 from Canada...Golden Shower and his wife Sqirter (heaven knows what these two get up to over there ...but great Hash names..your dirty bastards)...also tagging along and watching their fun was Ejackulate...welcome to our wonderful Hash!

**STEWARD**...Butt Plug..Hares in..Run was OK but we know with the GM in control Hash Shit it aint!..Not Cleaver in and on the ice..why cos my dog Be Be had a shite in the circle, right where the Virgins were about to kneel...Pole Position...your fault!.. talking of her...Pole Position next..BP always knows when Pole Position is about to ask him to do Steward spot..cos she pumps up her titties and says...nothing..oh alright then..I'll do it! SADG in next...the other night SADG asks BP in the Expat Hotel..who won the pool competition last night?...you don't remember?...you were in the final you twat! Wass in..as he told BP..I'm making my shoes look dirty as they

are new..little did he know BP was this week's Steward..in goes the beer and drink it down like a tosser!...by the way, get your wife in as it's her birthday HBYC! Fungus and Gay Pig Fucker in now..last week at the Expat, after the Tinmen GPF says to Fungus...I won today...I was first in...on the ice..it's not a fucking race!..great spot, as usual BP. Thanks!

**RUN OFFENSES**...who's up first..why it's Manneken Pis..he calls in the GM and Tootsie...now the GM, as Hare this week wanted to fuck up all the dumb runners and laid a false within about 10 M of the laager...surely no one would fall for that one..oh yes they would...Tootsie did...too much beer on your Friday night out with the lads! Clitmas Pussy in next...she calls in young Emma..now on the Run she is always fast, as a young en... but today she skipped around...so let's give her a Hash Name...SKIPPY IS BORN...welcome to PHHH Skippy! I call in SADG..why? I noticed that when the GM was doing his Virgin watering SADG knocked off the GM's hat...the GM tried to put SADG on the ice..but he wouldn't go on... but you will now..you bad lad! Tootsie calls in everyone with a GM birthday shirt on..about ten all together..they are all the same shirts right?...wrong..Jungle Balls step forward...JB had drawn on the shirt a peg leg on the French runner and a pair of crutches, on the front of his shirt..on the ice...taking the piss out of the French...My turn now..all the French in..twenty in total..what's this you French twats..a take over? No way..we will give you that our GM and Leader is French ...but don't push it! Fungus gets in Any Cock Will Do, Master Baker and Hard On..usual suspects...your just front-running bastards for not calling OnON!

**DEPARTERS** in..not many..who want's to leaves this wonderful place FOYC's!

**HARES** in..who in their right mind wants Hash Shit given to the Hares today..come on who's brave enough asks Manneken Pis, our Run Master..that's right...no one..so who want's to support our GM, as Hare and call Good Run...everyone!..so be it.. Good Run it is then...circle closed!
