Arrived at the Tin Mine Museum worried about all the surrounding hills climbed on the Tin-Man. This turned out not to be the case as the French Connection ingeniously took us through endless earth-moving sites complete with many trucks and LOTS of bull-dust. Still a pleasant shady, paved lager with much-needed cold piss.

At least I got a proper seat for doing the words though, as usual, it was hard to make out what was going on due to noisy bastards. Gm opened the circle with the traditional hares who were, deservedly, put straight on the ice and given a toilet of beer. Some sexy falang girls, with real tits were in next and were put on the ice to give the boys something cool to slip into.....

There were many run offences: He did a run this morning as well so deserved a beer and his and Minnie-mouses nos were the same when up-ended 69 I think: SADG and Jungle Balls on ice for something: Naheeman on ice for lying about trail at check and given Flubber award: Swollen called in Blue Harlot for having 3 year old Skye on his knee and telling story about trains and tunnels: Testicle Tom in for something and Houston Basher for something else: Lastly Creature for looking good while avoiding checking.

GM called in hares and Thai Connections for getting a good run site. Then Swollen and David (can I get a beer for forgetting his hash name – cheers) for following GM and discussing a new Olympic condom – comes in gold, silver and bronze – gold for use with wife as hubby always comes 1st, Siver for something and bronze for asshole bandits.

1st steward, Chicken George. Hares in for obvious reasons, Rocks, bulldust, scree, trucks etc. CG was at getting out of gaol party for Dr Dolittle who got away with B10,000 + 2 yrs probation + community service (wot for ??!). Aussies in to usual chant – lots of them – Apparently Blastoff trying to sell empty trophy cabinet..... No Ashes, no Tri-nations, no Davis Cup etc.(enough of this shit). Nahhe's mum in for baby-sitting Skye and rescuing 3 year-old virgin from Blue Harlot. Barbara Woodhouse and Secret Banana Gobbler as he's not only deaf but going blind as well – wanker. Putin my arse on ice for posh but not hash dress – arse an ugly sight, in for being cheat or Russian – same same apparently. Blondes in – fuck knows why but all good.

Dambuster doing announcements. Many (ran out of fingers - heaps) virgins in for the usual mistreatment by SADG – cold water DOES make nipples stick out but definitely not pricks!! 5 visitors in and the 2 volunteers were not good with the plastic pipes. New member blom blam alim or something – sooner he gets a proper name the better. Wrongway a visiting hasher iced for no shirt. New members were Insumran Rim, Denny Bowman, Carlson Craig. Lots of returners too and I can't be arsed to write all the names down.

Wanda in as 2nd steward. He'd taken a week to prepare but none of the victims came (?). He got on bus to find Houston Basher (iced) raving on about his 4 virgins – 3 were OK but the 4th is a Bloke. Nice and short anyway.

GM put talc banana and deodorant X 3 on ground and she SADG and Jungle Balls made a mess of themselves – no idea why?? Good skit tho'. Naheeman in again – How could this scumbag come from between lovely mum's legs? Good question!! Happy birthday GM (?) song and something about being black (?). Numbered runs 400 for Testicle Tom and Inspector Clouseau.

3rd Steward Blue Harlot. Andrex have bought out a new bogroll with outlines of Pakis on it – you colour it in when you wipe your arse!! Elton and wife David have a baby (true) and Eltons changing nappy... Reminds him of David...is it the blue eyes, handsome features, brown hair... NO it's the shit on his dick. Thankyou yet again BH.

Getting dark so I gave up... US in to usual dumb dee dumb, dumb dumb for something and then hares got a good run _ circle closed. Fuckin' Near Water.
