The Run & Hares

GM calls for order and Hares (**Fungus, Singha & No Hope**) into the circle, in addition to the Hares, **GM** also calls for the RunMaster, **Secret Agent Dick Gobbler (SAD G)**. **GM** explained, **SAD G** to appoint the Hash Horn Blower. Without any hesitation, **SAD G**, bestows the honour of the Hash Horn Blower, to **Mister Fister**.

NH explained, there will be no pink paper this week to mark checks and falsies ...mutterings quickly spread through the Hash "no falsies, easy run, easy run ..isn't this the walk ! ", our fears were soon laid to rest, when **NH** produces a bag of flour, to date, we still do not know whether it was self raising or plain or even flour. For reasons that will become apparent later in the

circle, falsies are to be marked by flour !! The usual run would be on multi coloured paper all the way around and the walk on blue paper 800m after the multicoloured. **NH** then politely asked everyone to take care and to enjoy Hash 1726.

The Circle

GM announces the circle is open and asks for "QUIET !", unfortunately, **Oh Yeah!** did not hear the sweet tones from the **GM** and was the first victim of the 'Ice' 'Ice' 'Ice". Hares (**Fungus, Singha & No Hope**) are called into the circle and commented on their 'Yellow' hare t-shirts ... the Yellow Jedi or Perils, these are the backbone of the Phuket Hash, **Singha** has hared 93 runs, **NH** - 117 and **Fungus** 43 runs (all on the same day !).

GM calls **Sweaty Bollox** and **Fat Bastard** into the circle and thanks **SB** for previous scribes and **FB** for scribing this week. **SB** again, pleads to Hashers for support when it comes to scribing. **NH** asks **GM** for a point of order, and commented on how very disappointing it was to read "the best way of getting out of scribing and other hash volunteering is by fucking it up" and then not being asked again, this is not the Hash attitude or in the spirit of being a Hash member, so please help your colleagues when called upon.

JB is called to the circle, **GM** reminded next weekend is the Outstation Run and **JB** will be the hare for the Phuket HHH for those not going on the Outstation, **JB** has requested "I want" the horn and pink paper for next week, **GM** confirmed it will all be going to the Outstation Run, so he will just have to blow his own horn.

GM turns to the saga of the 50kg of "Pink Confetti" and explains the Hash nearly did not happen. The Yellow Jedi's (**Fungus, Singha & NH**) went out to lay paper only to find a blanket of "Pink Confetti" covering their trail's, totally screwing up the check backs. **GM** calls for the guilty culprit to step forward "Wilma, Wilma Willmmmmaaaa", the Pink confetti is from the Bike Hash. **GM** asks for greater care to be taken between the various Hash Groups to prevent further confusion. **Wilma** is quick to point the finger at **Manneken Pis** for laying the paper, **MP** did bring to the attention of **Low Profile**, that they just fucked up the Saturday Hash, who apparently couldn't give a shit! **GM** calls order before it turns into a Bike Hash Circle.

Tequila Slapper (**TS**) enters the circle and calls in several members of the Bike Hash, confusion all round, is this the Bike Hash Stewards Spot?! The circle has been hijacked by the bloody Bike Hashers, these are the guys that not only cock up today's hash trails but couldn't give a shit and are now running the Saturday Hash Circle. **Wilma** is presented by members of the Bike Hash a pink pair of shorts for him to keep his crown jewels under better control when not wearing underwear. **GM** moves **TS** to the ice and couldn't give a toss for **Wilma's** exposure, **TS** argues she is trying to protect the women of the Bike Hash. **TS** shows total disrespect by throwing a cup of beer in the direction of our beloved **GM**, calls for "ice ice ice" somehow **TS** gets away with it, is **GM** becoming soft in his old age!

GM calls for the Bike Hash **GM** ... Willmmmmaaaaaa ... **Shagarazzi** is iced for contempt of circle. **GM** explained his journey today to the Hash, turning right at the monument driving down 13km as detailed on the Hash Website, however, 8.5km down the road **Sheeba** screams out, **GM** - quickly puts both hands on the steering wheel, oh my god what have I run over / hit, NO **Sheeba** replies, we've just passed

the Hash **HHH** Sign .. WHAT !! **GM** checks his speedometer and reverses back and there it is the Hash **HHH** Sign going down to the "Fungus (Gibbon) Rehabilitation Centre", **Sheeba** is convinced we need to follow the signs, so off they drive and no lagger. **GM** gets on the phone, **Fungus** you "Orribble Little Gibbon" where is the Hash, its 12.5km down the road, so why have I got a Hash **HHH** Sign 8.5km down the road ... oh, sounds like last weeks Bike Hash, at this point, the **GM** produces the Hash **HHH** Plastic Sign, which, was previously stolen from the Expat, can things get any worse .. **Wilma** pipes up, it was a good Bike Hash !

Virgins

GM calls in the magnificent 7 virgin's, 7 virgin's, 7 virgin's .. 1 turns up .. **GM** without his glasses cannot determine from the registration papers whether its 7 or 1 ... turns out in the end to be just the 3 French virgin's.

Visitor Hashers

Cereal Killer from Ports !!!! somewhere Hash, **Finn & Nils** from North Sealand Denmark HHH, which, according to **Finn & Nils**, is

the most beautiful club and Hash in the world. **The Blue Harlot**, our worldwide Hash traveller, commented this later having spent some time there, that is was a shit hole ! **GM** asked whether they had any Danish Hash Songs, in Danish ... a song started about the workers going to the woods in the old days .. blah blah blah ... parlez-vous !! thank god they are only visiting. **Rooms To Let** "The Girl From Singapore", **GM** explained, **RTL** is no longer a visitor of the Phuket Hash with 6 runs under her belt.

Returns

Gerbil, Happy Slapper, Where The Fuck Is Fagin

Shirts

Invisible Man, Drunk And Disorderly both 50 Runs to date on the Phuket. **UCK** despite having 30 odd runs, was finally presented with his 25 run t-shirt.

Hash Steward

Jungle Balls - Hares (**Fungus, Singha & No Hope**) in the circle, such a good run, double double beers to the Hares. **JB** compliment the Hares for their immaculate timing by getting the runners to the BIG ditch one minute behind the 30+ walkers.

Gorgeous You Wanker & Piss Drinker, **JB** recalls a true story when **PD** first time on the Phuket Hash, wandering around lost, not sure what was going on, knew nothing about Hash names, until **GYW** came skipping over and shook **PD** hand and said "I'm Gorgeous", **PD** was then worried for for the rest of the Hash as to what he had joined.

Mister Fister (Flour Master) in the circle and anyone that had been trademarked by **MF** flour arse smack, several ladies entered the circle but to everyones surprise so did **SAD G**, rumours have it, he's been flour smacking for years. For reasons unknown, **Go Go Trump** had more than the flour trademark from **MF** but was also covered in, what, we can only assume, was mud.

Lucky Lek in the circle, last week we saw **LL** with his plastic bag of " buffalo shit" to put on his plants when he gets home, **JB** added **LL** had mentioned to him in confidence, that if he cannot get buffalo shit then he uses his own shit ... never buy fruit from this man under the tile of "Organic Homegrown Fruit".

Butt Plug is called into the circle as joint GM of the Hash, to decide the appropriate punishment for a Phuket Hasher. Last Saturday an English hasher invited **JB** to the pub to watch the 11:30pm Wales v England 6 Nations Rugby and insisted that he comes. **JB** rings the hasher at 10:30pm & 11:00pm no answer !! **JB** decides to go to the pub on the off chance the English hasher will show up, which, never happened. The question, how do we treat a Phuket Hasher that treats another Phuket Hasher in this way ? **BP** - Saying he would turn up, that's 1 beer, not answering the phone, that's another beer, Wales won that's another beer. So, 3 beers and ice ice ice. The English Hasher was none other than our beloved **GM**, well you could have heard a pin drop, women fainting, children and Fungus crying, men spilling their beer, could this be true ? **GM** enters the circle to the sounds of boo's, **GM** said it was the best choice he ever made having to listen to this "Welsh Git". Being the true gentlemen, **GM** laid the blame on **Sheeba** for not allowing him to go to the pub, the choice of whoever sits on the ice, was down to the **GM**, himself or his wife **Sheeba**, we all know who won this round !

The Blue Harlot, is called into the circle, **BH** is a man that likes younger ladies and for this session, has kindly agreed to stand in for a paedophile, as no members of the House of Lords or the Vatican were able to make the Phuket Hash this weekend. There has been criticism by the EU and Australia, that we don't mark these guys in any way for what they really are, the EU are in the middle of changing this, by introducing a law to mark paedo's with**JB** fits **BH** with a vicar's dog collar, **JB** invites all Australian's to join **BH** for a beer. In recent news, an Australian Cardinal as been thrown out of the Church for kiddy fiddling, this is another example of "ball tampering" by the Auzzie's.

Another great steward session from **JB**.

Run / Hash Master

SAD G in the circle, **GM** confirms, if anyone would like to do Haring in the future, please come and see him and he will help them to get into a slot. The Hairline is consistently full, which, is great news and who appears more than others, "**Fungus**", which is great news, **Fungus** hasn't done so much laying in years !

Run Offences

Mister Fister Hash Horn for today, calls in the Hares (**Fungus, Singha & No Hope**), the hares are complemented by **MF** on putting their brains together and coming up with the idea of using the flour today to mark the checks and falsies, unfortunately, this was not completely thought through. Every time **MF** put his hand in the flour to mark the checks the flour went straight inside the horn when blown and you couldn't see a bloody thing, by the end of the run the horn was encased in a lovely short crust pastry.

Manneken Pis calls **Mister Fister** back into the circle, **MP** confirms he turned up late, which, was nothing new, **MP** asks **MF** where is the **Mighty Quinn** I need to pay my registration fee. **MF** confirms **Billy Boy** was doing the registration today, **MP** Oh ... that will save me 80 Baht as **BB** (God Bless Him), passed away 2 years ago !

..... And the hairs on her dickie-di-do hang down to her knees **SAD G** no calls for Hash Shit today
Good Run Good Run Good Run

GM Circle now closed.
