**GM Wilma opened Committee meeting #4** at Rundetårn restaurant in Patong joined by committee members: Twice Nightly, Jaws, Tequila Slapper, Lucky Lek, Not Cleaver, Murkury, Just In Beaver, Beaver, Invisible Man, Go Go Trump, Fungus (scribe), YaBa & Ejackulate. The following topics were discussed and decided.

Wilma welcomed all hashers to our successful return to hashing. Lucky Lek was thanked for coordinating with local governments to gain their confidence. Lucky Lek reminds us that we must continue following government guidelines as we can always be checked. *Please always have your masks & practice social distancing.*

Wilma lead the committee's opinion that the new Hare Guidelines are working splendidly and we're seeing lots of new hares and lots of available dates.

**Finances:** Treasurer Go GO Trump presented a very detailed statement of our accounts stating that we are on solid ground. GM Wilma was given unanimous support by the committee to continue his initiative to hold small events for holidays and other ideas, all benefiting the PH3 core group staying here. Standby for some long overdue shirts and a special Danish-day run on June 5<sup>th</sup> before the next AGPU.

Just In Beaver reported **Impedimenta** sales are down, as expected. The committee resolved to continue with the popular *Ha-Ha-Ha* type special shirts that make great incentivers.

**The October 3<sup>rd</sup> weekend Outstation Run** is in full gear. Check details on the website and contact the main organizers Go Go Trump and Just In Beaver. Reservations have started, please don't wait. Estimates for attending are about 75. Because our recent local pack size has been about 88 considerations were tabled for consolidating the local run into the outstation run. Polling for this idea will take place during the next few weeks.

**GM closed the meeting** and we were served beautiful Danish treats and some great Thai food. As always, well done Wilma.
