Hares: Campari, La Lasagna and J.C.

The Laager site was beside a rubber tree plantation at the end of Soi Naya, Rawai. It had a healthy selection of mosquitoes and ants, plus a welcoming camp fire and a live electricity cable on the ground!

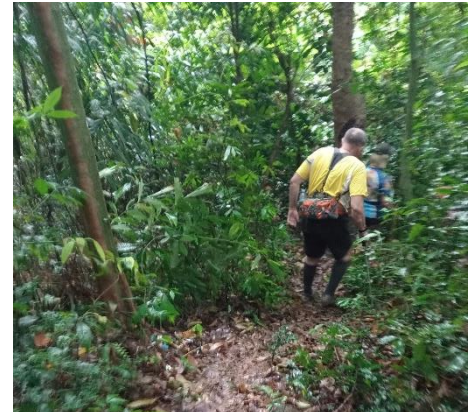

This week's Hares.

The Horn was initially given to Piss Drinker, who was not pleased, having not run for a few weeks. So when he saw Wilma arrive, he ran to greet him with the horn and paper.

The walk was well-marked, passing through a mix of steamy jungle and muddy pathways. It was a decent distance with plenty of ups and downs. I have it on good authority that it was a 'meaty run' - a good length but with well-hidden paper along the way!

Unfortunately, The Invisible Man took a tumble and was whisked away to hospital to have his knees checked out. Butt Plug took over as this week's GM, after only 2 weeks of retirement!

Welcome Visiting Hashers

There was no Lucky Lek to make 'Announmen' but...

- JoxyMoron reminded us about the Tin Men in Karon this Wednesday.
- Impedimentors asked for any unwanted Hash T-shirts to be donated for resale.

More virgins...

Returners, Short Circuit and Wilma.

Run offence highlights:

Somebody Else's Dick – caught out by karma and Butt Plug, "You're not GM anymore!"

Polish My Crabs – for the sexist shout of "There's a girl in the lead! This is not good!"

Veg Erector (spelling?! – for saying "Yeah, Yeah" and not "On, On" replying to Fungus.

Manneken Pis – spotted by Wilma, sending the runners the wrong way.

Not Long Enough and Campari – an overheard conversation by Jaws, "They're running everywhere like chickens!"

Wilma – for getting Jaws an 'extra small' 666 Run shirt.

Manneken Pis – called in by Substandard, for wearing his t-shirt tucked in, Rick Astley style.

F\*\*k off you c\*\*\*\*\*s ... and don't come baaack! 🎵

Substandard – for being a 'fashion victim' and for always being in front of Piss Drinker on today's run.

Piss Drinker – Manneken Pis called him out for being 'under the thumb'.

Campari and La Lasagna – he wanted his dogs recognised as official Hash members, complete with t-shirts, according to MP.

Happy Birthday You C\*\*\*\*\*s to 🎵 Not Hard Enough and JoxyMoron.

'25 Run' shirts this week went to Agonorhea, Brown Sugar and Polish My Crabs, respectively.

Manneken Pis was this week's Steward. His set was taking the 'pis' out of his fellow Hashers. Very few were safe from his comments!

Top Off got Hash Shit this week. Long story short, Not Long Enough put him down to Hare this week without asking. He couldn't do it so Campari, La Lasagna and J.C. stepped in.
