Saturday 9<sup>th</sup> September 2023

Hares: Swollen Colon & B.A.

The Laager site was next to a date palm plantation, Thanyapura. It was a delight to arrive there along an actual tarmac road, with the sun shining. We were greeted by the faint whiff of manure and an uneven hoof-trodden field with the odd land mine (cow dung) in it.

GM for the afternoon was Jaws and he did a fine job of keeping the circle in line with his trademark cry of "Silence!" The Hares gave us a brief overview and Repressed One was given the Horn (after Butt Plug dodged it by claiming he was walking today).

The walk was a flat one through... a date plantation, rubber trees, bamboo forest and a bit of grassland. There was a barbed wire fence to navigate but everyone got under without any snags. The runners were treated to a few refreshing river crossings. Regarding the run, a tall inside source said

the water was up to his thighs whereas Fungus was totally underwater! And, the pack kept together well, showing good haring.

In typical wet season style, the sky grew dark in time for 'Circle Up'. Jaws thanked the Hares and then got on with the 'formalities first'. And so, "Announmen!" cried Jaws (as Lucky Lek was absent).

Iron Pussy - Wednesday 13<sup>th</sup> September in Rawai (flower dress theme).

Bike Hash - Sunday 24<sup>th</sup> September in Paklok.

A Down Down for the Returners.

Jaws didn't care as much about the Departers though. They weren't invited up and just got a quick blast of, "F\*\*k off you c\*\*\*\*." 🎵

Not Long Enough was thrown into his Steward spot early doors, which caught him off guard. But he pulled it together despite the rain. There was an educational theme to his banter – famous dates in September from history. We learned that we are all second cousins as all humans can be traced back to a 'mitochondrial Eve'. Jaws thanked Not Long Enough and broke into a round of "Roll Back, Roll Back..." 🎵

As GM for the day, Jaws was looking forward to naming some name-less Hashers. Unfortunately, not one of them had turned up today! So to kill some time instead, he got the Patong Bus Boys up. Any dramas this week? Just... Fungus was on the bus! And Mask was late to catch the minibus. So no new material! Fortunately, Jaws had a few good jokes up his sleeve. This led to some other unrepeatable jokes from B.A., Swollen Colon, B.C., and Repressed One.

Circle highlights/run offences:

Swollen Colon joked that he'd organised air conditioning (ie. rain) for Jaws, so that he wouldn't go on too long.

Fungus thanked the Hares for giving hazard warnings but wasn't happy that they forgot to mention the deep water.

Earlier, Swollen Colon was asked by Mask if there was any water on the run. The reason? In his home country, if your feet get wet, you get ill. So, Swollen put the water-hater on the frozen water to drink his water. He's even got a pac-a-mac on over his anorak!

Brace yourselves – Bobagob will be next week’s stand-in GM! And no, he’s never been GM before... What can possibly go wrong?

Anal Blader was carrying his son when Manneken Pis swore from behind. Anal’s son asked if that’s what you have to say when you have the Horn. Here’s to the one who’s learning!

Incoming! These four came back in late, with one of them muttering, ‘Hash Shit’. They got a quick song about being really dumb! 🎵

Soi Dog had a question for the Gothenburg RA. “What is God’s Christian name?” Andy (and he told me so). Do you get it?

Swollen Colon got the ‘late boys’ back up. He found out they had taken a short cut where the paper split, lost the paper, found the blue again and followed it back the wrong way!

Somebody Else’s Dick wanted the two women they had carried over the river to come and say thank you. Why Not Me was one of them and she still didn’t say thanks!

There was only one virgin today, Aaron. Sadly, he also had new shoes (4500baht). Somebody Else’s Dick helped him out because he had taken him out shopping for them!

Hello fellow Hashers from Gothenburg.

Good Run..?  
Everyone said so,  
apart from...  
Clit Zipper!
