

## SCRIBE REPORT RUN #1941

Saturday 23<sup>rd</sup> December 2023

Hares: Murkury, J.C. & Dr. Fucking Jekyll

phuket-hhh.com

This week's Laager site was in Patong – 50 Pee Road (I think that's how much money had been spent on its construction) and getting up to the top was interesting in a minibus! The Laager site was compact and parking was limited. But it did offer great views over Patong, if you stood in a certain 'sweet' spot in the long grass (Ask Dick Is The Future).

The GM, Invisible Man, was back and feeling better, ready to start at the earlier time of 3.30pm. Great, I thought, we'll finish half an hour earlier. Alas no – hopefully, he'll get a watch for Christmas! Anyway, the GM announced the Patong bus hadn't arrived yet but the crowd replied with "Fuck 'em". So the Hares stepped forward, apart from J.C. who may have forgotten about the earlier start! Murkury gave very brief instructions about running on multicoloured paper and pointed us in the right direction. The Run Master chose Tootsie as chief horn blower and after a quick 'toot' we were off.

The walkers and runners set off on the same trail. It was mainly a combination of stony trails and concrete road. Along the way, blue paper was spotted, so we assumed we should follow that. Hopefully any new walkers would do the same. The walk was a good length, so to speak, with plenty of ups and downs. The run had mixed reviews, with some saying it was too long. You can't please all the people all the time!

Back at the circle, we had sprouted another Hare. Up The Back had a cheeky heckle of, "There's 250 years of haring there." Fungus got put on the ice straight away for nattering (just after free Down Downs?) and it saw a lot of action throughout the circle (the ice, that is). And what about the today's Horn action? There were cries of "Horn shit" and "Where was the paper?"

Lucky Lek cried, "Announmen":

- Tuesday 26<sup>th</sup> December, Kamala Koma @Layan (see hareline for more details)
- Jessica - giving out free doggy Christmas treats
- Tokoro Ten (Visiting Hasher) asked for donations for Hasher, Kate Robertson who has malaria
- Shitonya reminded Butt Plug about having 40 baht beers (BP must have forgotten last week, in the excitement of being GM for the day)
- Philthy Pisshead came in for a late announcement about an early announcement – Phi Phi run, 24<sup>th</sup> October 2024

A whole French family of virgins – Will they come back?  
Apparently qui, qui! And another random bloke, Bob,  
who had new shoes too – double whammy!

Circle highlights/run offences (No photos for most - technical phone issues. Hopefully Tequila Slapper will have some photos and maybe Father Christmas will bring me a new phone!)

The Patong bus group were called in and roasted for not checking the way to the Laager site. What was one of Jaws' rule? Never trust GPS! There was a quick blame game between them and the Hares over the mis-directions.

Wilma called Mask a clown for not realising it was a lollipop run. On the way back in Mask, followed the wrong paper and started off on a second round of the run!

A Visiting Hasher, with no name, was seen after the run, all hot and bothered. Swollen Colon kindly 'christened' her Overheated Crack, which she can take back to her Mother Hash in Malaysia. You're welcome!

GM invited Ejackulator in to celebrate the anniversary of an accident he'd had in this very same spot. Apparently J.C. was somehow mysteriously involved in it.

Jaws brought in Not Long Enough to gloat that he'd come in ahead of him today. Jaws then went on to say, the fact that NLE was 'sick and ill' doesn't matter!

Keyhole was on great form, as usual, and entertained the crowd with some belting jokes for his Steward spot. There was plenty of audience participation too, so plenty of Down Downs all round. He had a few 'crackers' related to Christmas. There was an uplifting gag about divorce and a 'timeless' story about his dad's watch to name just a few... (After a quick reboot, the phone camera was working again.)

More Circle highlights/run offences:

Jaws had a birthday last week but didn't step forward because he didn't want to pay for 40 baht beers – get on the ice you cheapskate! It was Lucky Leks birthday today but he mysteriously vanished after his announmen.

Top Off explained how Butt Plug had scared everyone last week when he was GM. BP had laid down the law that there would be 'no private circles'. Top Off said that Jaws' one-liner Steward jokes and singing were really bad but everyone was too frightened to say anything - Supergrass!

Fungus also pointed out, that last week, Top Off had said 'Invisible Man's gone. That means were going have a funny time, a good circle'. True story?

Thank you to the festive 'Beer Bitches' and Butt Plug for keeping the Hashers lubricated throughout the year.

Welcome to Phuket, Visiting Hasher family from Malaysia. And the gobby one from Tokyo.

Welcome back to the fold all you Returners.

And after thanking everyone who's ever been on the committee, we finally we got to the Hare's Song and the important question... Was there Hash Shit today? Nah – Good Run!
