Hares: Murkury, J.C. & Dr. Fucking Jekyll

phuket-hhh.com

This week's Laager site was on the Patong Ridge above Phra Pun Thao Kong Shrine. And what a ridge it was; the ride to get there was hair raising and a lot of people arrived with white knuckles and brown trousers. Fair play though, it was a new Laager site and there was no through traffic (no-one in their right mind would be driving about up there!)

Two of the Hares stepped up, as Murkury only arrived once we were setting off. Here's Trainspotter giving a quick rendition on the Hash Horn. The runners were sent off first in one direction (a good name for a boy band), followed by the walkers.

It started gently enough but then we were quickly assaulted by a steep climb through the forest, over muddy tree roots. There were some nice flat trails along the way but what goes up, must come down! And down we came, scrabbling on scree, concentrating on every step.

Back at the circle I asked the GM if we'd be finishing earlier as we'd been starting earlier and got the horn blown in my face - That'll be a no then! And then, for a tiny heckle, I was put on the ice, setting the tone for the rest of the circle... The Hares (minus Murkury again) and the Horn were thanked. Although, questions were asked about why J.C.'s truck was seen along the way. Apparently, just inspecting! Then we got straight into the Virgin ceremony. We welcomed 'le' six French walkers with 'les' icy water. Tres Bien!

After asking if anyone had lost some copy 'Lay Ban' sunglasses, Lucky Lek announced, "Announmen":

- Mountain Bike Hash, 21<sup>st</sup> January @AC's Fishing Park (More details on the PH3 website)

Circle highlights/run offences:

Not Long Enough heard Manneken Pis say "Monkey GM" in French to Piss Drinker. Ooh La La!

Jaws explained that Piss Drinker's bloody ear was caused by a sexual assault by Not Cleaver while PD was kneeling down!

Observed by MP, walking 10 minutes apart, the honeymoon period is over for Amazing Disgrace and Tootsie!

Dirty Dozen had the best bang in weeks when she popped a balloon between her legs in Trainspotter's steward spot last Saturday!

Steward Spot:

Jaws and Keyhole shared the spotlight this week. Jaws entertained us with the famous "Roll back my foreskin for me" song and a couple of classic jokes about uncooperative wives and oral hygiene. Keyhole followed on with a variety of racy but funny jokes and a sad story about his grandfather getting squashed by a clock. Timeless!

Returning Returners:

Notably, Gay Pimp is lucky to return. He had an incident on New Year's Eve that needed 76 stitches!

More Circle highlights/run offences:

Was there some dodgy shortcutting by Not Long Enough and Mask? Sweaty Bolloxs seemed to think so...

'T-shirt and helmet tan man' was seen panting next to his bicycle on his ascent up to the Laager site. Piss Drinker wanted to know why he doesn't own a car!

Firstly, Assterix didn't push in for registration today. Then a lady came over to kiss and hug him. J.C. concluded that, "Maybe Assterix isn't such a bad cunt after all!"

Fungus called in 'No socks, no sense man' who was also on his phone. He'd said, "I don't wear socks on short simple pussy runs like this." Fighting talk!

Karma came calling when the GM asked if there were any new shoes. Everyone pointed to him with cries of "New Shoes". He claimed they weren't but Who The Fuck Is Alice overruled him!

Any Birthdays? Kill Him offered up Kill Her. He wasn't happy though as we overheard him say "snitches get stiches" to his wife!

Dr. Fucking Jekyll told us how J.C. had helped a motorcyclist pinned under his bike in the bushes that morning. I said it was a dangerous road! Then Not Long Enough gave credit to DFJ as he's done 25 Hares and doesn't even live in Phuket. Legend!

Last week, Somebody Else's Dick face-planted on the walk. Fungus asked him to demonstrate his 'Eddy The Eagle' ski jump impression.

Despite the perilous trip to the Laager site and a bit of dodgy placement of HHH signs, a Good Run was declared.
