

## SCRIBE REPORT RUN #1949

Saturday 17<sup>th</sup> February 2024

Hares: Fungus, Lucky Lek, Sam Song & Masarap

phuket-hhh.com

This week's Laager site was in Laem Hin – Lime Farm, although I didn't see any tarty, green fruits. It was a scenic spot but the beer truck/ice block was facing away from the sun so Hashers had to shade their eyes for the circle (and so the photos aren't that great either).

The GM introduced the Hares (minus Sam Song) and a shirt was given out straight away to No Cup, for a whopping 1600 runs! Notice all the paper on the floor – no not confetti just Fungus with a hole in his sack.

The Hares had taken note of last week's 'boring' run so they included a section of underfoot vines and a load of plant pots, making the perfect tripping hazard obstacle course. The rubber tree leaves on the ground made it seem like autumn although they created a nosiy, teflon-like surface to walk on. That said, it was a lovely length (the walk) through scenic mangroves and bamboo forest.

Back at the circle, there was little shade, the wind had died down and everyone was sweating, a lot. Pawn Shop was thanked for his Horning abilities, although he wasn't there to receive the praise. Stand in, Mask, was asked to take note of how to do it properly for next time! The GM shook things up this week by changing the order of events.

H.B.Y.C.s to No Cup & Dr. Fucking Jekyll

25 Runs - Wonder Why

25 Runs - Wonder How

50 Runs – B.A.

10 Hares – Philthy Pisshead

10 Hares – Masarap

10 Hares – Too Old To Fuck

Circle highlights/run offences:

This was the strangest Virgin ceremony ever. There was a language barrier and they didn't know what the hell was going on! But, it did give us a good laugh!

On the run, Flubber had called to Amazing Disgrace "Passing on your left". She stepped to her left and he yelled, "No the other left!"

J.C. commented how Philthy Pisshead had proudly put on his 10 Hares shirt, whilst TOTF threw his on the ground in disgust. A spell on the ice, finally helped TOTF make a good choice and put on the shirt.

Lucky Lek embarrassed us regular hashers who have never Hared before. Yes, yes, one day.....

And then he launched into "Announmen":

- Poo Ying, Sunday 18<sup>th</sup> February @Manik Dam
- Phi Phi Outstation Run, October 24<sup>th</sup> 2024  
(More details on the PH3 website)

More Circle highlights/run offences:

Sweaty Bolloxs had a bone to pick with Jaws about an unofficial hash renaming of 'Swatty Rolls'. SB was also upset that I'd said "Cheers Ears" to him. I wasn't referring to his massive lobes and so there's no need to call me Noddy! Jaws clarified his official title as "Jaws the 33<sup>rd</sup> Almighty". And appartently, Tootsie calls SB 'sweety bolloxs'.

Jaws congratulated Amazing Disgrace for blocking Flubber earlier. He told us, the walkers have an unwritten rule on the Hash, which is to 'interfere' in any way possible with the runners, as they're all wankers!

Last week, Jiggly Jugs found out that Anal Bladder is a major Taylor Swift fan. Later in the week, Ice Arse grew curious and watched the Taylor Swift documentary. Here's to the 'Swifties' for coming out of the closet!

Steward Spot:

Swollen Colon did a tremendous job this week with a barrage of one-liners. He started with a bit of 'ginger bashing' (well done to Jiggly Jugs and Ice Arse who took a lot of ribbing) and then morphed nicely into Scottish banter. The vegans and bug eaters weren't safe from SC's sharp tongue either.

More, more Circle highlights/run offences:

Piss Drinker thought it was a great trail from Fungus but... then he found out that Masarap laid the walke'rs trail! Later, B.A. commented on how PD can never stand still and moves around like a ballroom dancer! It's true, he's very difficult to photograph!

Fungus was amazed as Lucky Lek disappeared off to collect tops from blue plastic bottles. He's done this for years and got hundreds in his house. Apparently you register them online and you can win an i-Phone (although LL hasn't yet!)

Jaws was impressed that the Hares had 'taken care' of the cow shit we'd had everywhere at the last Circle here. To hide it, they'd put banana leaves on it and there'd been 3 broken ankles and 2 broken legs allegedly!

Oh we do have a returner... Hello Jelly Tits, it's been 4 years! A fight nearly broke out between Dr. Fucking Jekyll and Fungus as to who had originally brought her to the Hash!

Gay Pimp's mate, who's only been here a couple of times, helped a 'lady in distress' on the trail. He gave her some sugar and water for her fainting spell and brought her back to the Laager. Then he went back out to complete the trail. He got a free t-shirt for his troubles - What a gent!

Here are the departers. (I'm sure Bobagob You Twat is up there every week as a departer/returner!) J.C. and Paper are off to Australia and her plan is to separate as soon as they get there! As always, F.O.Y.C.s.

Alert!! There is no Steward for next week so bring a cheeky joke or two or come up with some wild run offences to fill the space. Also next week is a holy day so there may be malty beverage issues...

... and after what seemed like a ... while... it was that time... 'The Hairs' song... would Wilma keep the coveted bog seat? Run Master, Not Long Enough, gave an overview of the run and then opened it up to the plebs... A few shouts of "Hashit" but "Good Run" won the day.
