GM Wilma On Out, GM Not Long Enough On In

phuket-hhh.com

Make it Happen!! And we did. With proper entry precautions in place we finally were able to hold our AGPU, version 4.0!

Regulations limited our group to 100 and we ended up with 99. Outgoing GM Wilma ran a quick exit circle to recognize the outgoing committee members before getting down to the important point—getting rid of him!! Incoming GM Not Long Enough helped Wilma strip off the wacky dress and wig which were promptly set on fire, giving the circle a good taste of burning plastic, which brought up the face masks.

Here's the list of our incoming committee. These are the hashers that make the hash work for all of our benefit so please make sure you take a moment to thank them for stepping forward.
