

COMMITTEE MEETING #3

Monday, 11 July, 2022

GM: Not Long Enough

phuket-hhh.com

GM Not Long Enough called his third and final committee meeting for 11 July at Manneken Pis' Shakers restaurant in Nai Harn from 17:00 PM, right at the height of a massive storm front slamming through, some rain was even felt at our table in the center of the restaurant.

Attending: Not Long Enough, Wilma, Lucky Lek, Crack A Boner, Manneken Pis, Cobbler, Tootsie, Jaws, & Fungus as scribe.

GM NLE opened the meeting thanking all committee members for their competent management and personal attention throughout the year which now allowed him to claim total success at achieving his original goal stated at committee meeting #1 that “his agenda was going to be no agenda”. Well done GM for successfully doing nothing.

Tonight's agenda was more a summary of thoughts, comments, considerations and suggestions affecting various committees and processes, including possible candidates for the incoming committee. A point was reinforced that all hashers are encouraged to get involved in our volunteering effort keeping PH3 the great mis-organization it is, just speak to any committee member—the AGPU is only weeks away on Monday the 25th.

Our finances stand good and no committees were in need of action so conversation turned to the coming AGPU tasks list. We assigned weather control to Tequila Slapper, who wasn't there, so if it rains it's her fault.

Throughout the meeting we were given snacks of roasted peanuts, onion rings with a tasty dip, and spring rolls so we decided on pizza for our main feed and 3 tasty pizzas appeared, which were great, especially washed down by endless *committee* beers.

Well done to this year's committee, some will be back, others will need a replacement. Come to the AGPU and register (free + run credit), vote, and get your shirt.

Meeting Closed, Fungus, Scribe
