### Gung Hay Fat Choy

#### The Pre-Run

Laager site had a wonderful bird's eye view over Patong and as we had virtually gone all the way up 50 Pee Road I jokingly said at least there won't be much of a climb today – how wrong can you be!!

#### The Run and Hares

**Hares** again this week were the Geriatric Four **JC, Bluey, Dr. Fucking Jekyll and Murkury**. Last week we were informed it would be a flat run. No mention of anything like that this week but pretty obvious it will be more hilly than flat. Minimal pre-run instructions other than runners are on multi-colour paper and some mumbling about 'should we mention the land slip – you'll be OK if you stay on paper'. **Peanut** was selected as this week's **Hash Horn**.

Walkers were told to wait behind for their instructions – runners were pointed in a direction to go and find paper - this we did and were soon making our way up hill which appeared to go on and on for some considerable time. We did eventually reach the top of something via a series of tracks, bits of concrete etc. It was then down into the jungle picking our way as we went – we did reach the aforementioned land slip and grimly held onto the paper to avoid going down into the abyss. I do remember passing a walkers short cut at some point but our trail continued ever downward. We did keep hearing the horn - sometimes very

close and then much further away – did get the impression the **Horn** may not be following the trail we were on. As quite a bit of time had passed and still we were going down we did reach a point where there was no sign of the multi-colour and also no pink paper. Options were to follow a path going down and another going left and potentially upward. My inner twat-nav (thanks to **Takes it All In** for the descriptor) suggested to me we were way below the Laager site so decided to opt for the path exit left. We did eventually find the trail and started the mighty ascent upward. By this time the **Horn** was now behind us and we eventually met the incoming trail of the walkers. We carried on with the ascent and were finally blessed with the welcoming sight of the Laager. For others it took quite a lot longer and **Lesser Dipshit** was never seen again apparently

### **The Circle**

**GM** started the circle by calling in the **Hares** and the **Hash horn** for a drink and thanked them for their efforts. Some deliberations as to whether the Horn was actually on the Walk for some of the time and lots of pink paper spreading.

**Lucky Lek** was there in person to do **Annoumen**. 1900<sup>th</sup> Run on Coconut Island on 18<sup>th</sup> March. Hash will be selling cut price Life Jackets!!

Bike Hash by **Wilma**. Parading the **Hash Committee**.

**Jaws** and **Invisble Man** were called in to list the **Virgins** of which all 5 were present for the baptism. **IM** was nowhere to be seen.

**Visiting Hashers** – Two visitors from the Taiwan Hash formerly known as the China Hash – **Cunt of the Litter** and **Jam Rag**.

**Hash Naming** - **Lucky Stroke** who is using the Hash as part of his recovery programme – good luck to **LS**.

**Hash Shirts** -    **Why Not Me** – 50 runs  
                  -    **Cripple Triple** – 100 runs  
                  -    **Bluey** - 25 hares

**Steward Spot** - **Key Hole** was the Steward this week – lots of jokes – oldies but goodies but even more importantly “it’s the way he tells them”. He is also a Hasher of great intellect – got the Scribes in for a down down for services rendered. Fantastic spot **Key Hole**. Well that’s what he told me to say!!

### **Run Offences etc**

Lots of run offences of various types centered around smoking in the circle, baby head wetting, tattooing, tandem falling down in front of the GM, spreading pink paper with gay abandon, turtle presentations , misdirection due to not knowing which week we were on, toe breaking bla bla bla

Promoters were **Wilma, GM, JC, Dr Fucking Jekyll, Fungus, Piss Drinker, Fungus** Offensive ones were **Faggot Fucker, Not Long Enough, Creature, Joxy Moron, Manneking Pis, Train Spotter** etc. etc.

**Joxy Moron** led proceedings for the **Hashit**. A **Good Run** was offered by **Joxy** and everybody was in agreement. Even better **Tootsie** was there to receive the Hashit.

**GM** declared the circle closed.

Slightly delayed issue of the report – will try harder next week.

**On On!**
