

COMMITTEE MEETING #1

Friday, 04 August, 2023

GM: Invisible Man

phuket-hhh.com

The first HHH Committee Meeting under GM Invisible Man took place at the Expat Hotel with every member of the Committee in attendance - Butt Plug, Su Su Nonna, Lucky Lek, Cobbler, Takes It All In, Tootsie, Jaws, Five Hundred Baht, Not Long Enough, Up The Back, Substandard, Seaman Stains, Fungus & Invisible Man himself.

We couldn't have picked a worse time to hold a meeting as there was a team of loggers intent on chainsawing their way through a number of coconut trees from the moment we arrived, which delayed & distracted us quite a lot! But we got the job done eventually; here are the main points.

Hash Cash (Su Su Nonna) gave a report on the financial situation and we're pleased to announce that the club is solvent allowing us to plan ahead for the year to come. A budget will be produced showing estimated receipts/payments for the year based on previous years' information.

After discussion the Committee decided to introduce a QR payment system at Registration. We hope to start this in the next week or two so please speak with the Registrars about this if you're interested. We are investigating banking procedures to ensure that the club doesn't suffer from tax checks before we start.

When it comes to marketing, we discussed the bus transport being provided and decided that Facebook can be used to make people aware of the ride sharing link. Pics of buses etc. Takes it All In to co-ordinate.

Webmaster (Tootsie) to delete old adverts & other old info. Also he will increase website security by making https:// system. Webmaster also agreed to delete the registration wording showing '500B With Shirt/100B Without Shirt'.

Invisible Man to order pink hash paper supplies from Wilma.
Runmaster (Not Long Enough) to place a website link on map directions directing people to the ride sharing bus app. New members, visitors can then feel more included with transport to/from laager sites.

Steward Chaser (Up The Back) Reported we have a good group of upcoming stewards and suggested we continue recruiting potential for the circle. Good response in July.

Impedimenta (Substandard/Seaman Stains) Reported that we've made over THB10,000 sales in last 4 weeks & that we're planning production of new items such as umbrellas, socks & headbands. We need to stock up on black shirts with different sizes, buy a clothes hanger to show off merchandise and also hold an expenses planning meeting to budget ahead. We plan to produce a Christmas run shirt so numbers, sizes & a design need to be worked on. Advertising run shirts etc at Registration desk.

Fungus suggested that hares should be recognised with a '10 Hares' shirt when reaching this milestone. Everyone agreed that hares need more encouragement & recognition so we'll be issuing these in future.

Membership costs were discussed & it was suggested that the weekly adult membership should rise to THB100. However, it was decided to keep this under consideration for now as we have funds available. We decided to allocate THB30,000 to charity over the year and this will be given to those in need in our run areas across the island. First 6 months=THB15,000.

Hash names - decided that G.M. or R.A. can veto unsatisfactory names. Names should be 3 words or less.

Outstation Run - Invisible Man to approach Go Go Trump. We need to get a team together.

Xmas Party - Invisible Man to discuss with Wilma. Same venue as last year (Chalong Dam?). Shirt sponsors to be marketed (THB500+). Food provided. 23rd Dec 2023.

Thanks to everyone for your input and patience during the 'chainsaw saga'!
